YOUR TRUSTED PARTNER

INDIO Steel is envisioned to be the one stop destination for all Mild Steel finished product needs, be it for infrastructure development or construction purpose, we are here to serve every client with same zeal and enthusiasm. We pride ourselves in our ability to respond quickly and flexibly to our customers' needs and in efficiently managing the risks in moving steel around the nation.

As part of the INDIO group, we have access to one of the widest and deepest product mixes in Mild Steel on the market. Our relationships with leading manufacturers of steel serve just one purpose: to provide our customers with the steel they need when they need it.

We have always put our client's wishes on priority and were able to surpass their expectations every time, further strengthening our relationship and trust factor with them. To be precise we are much more than just steel, we are the guiding light to our clients who find great comfort and value in the market insights that we share with them. We believe in mutual growth as a family and intend to do everything within our reach to achieve the common goal of a transparent and an ethical work culture.

PILLARS

Trust, Transparency, Ethics & Adaptability are the Pillars on which our company was founded. We take pride that over the years of operation, we have never compromised on our core values regardless of ruthless competition in our industry.

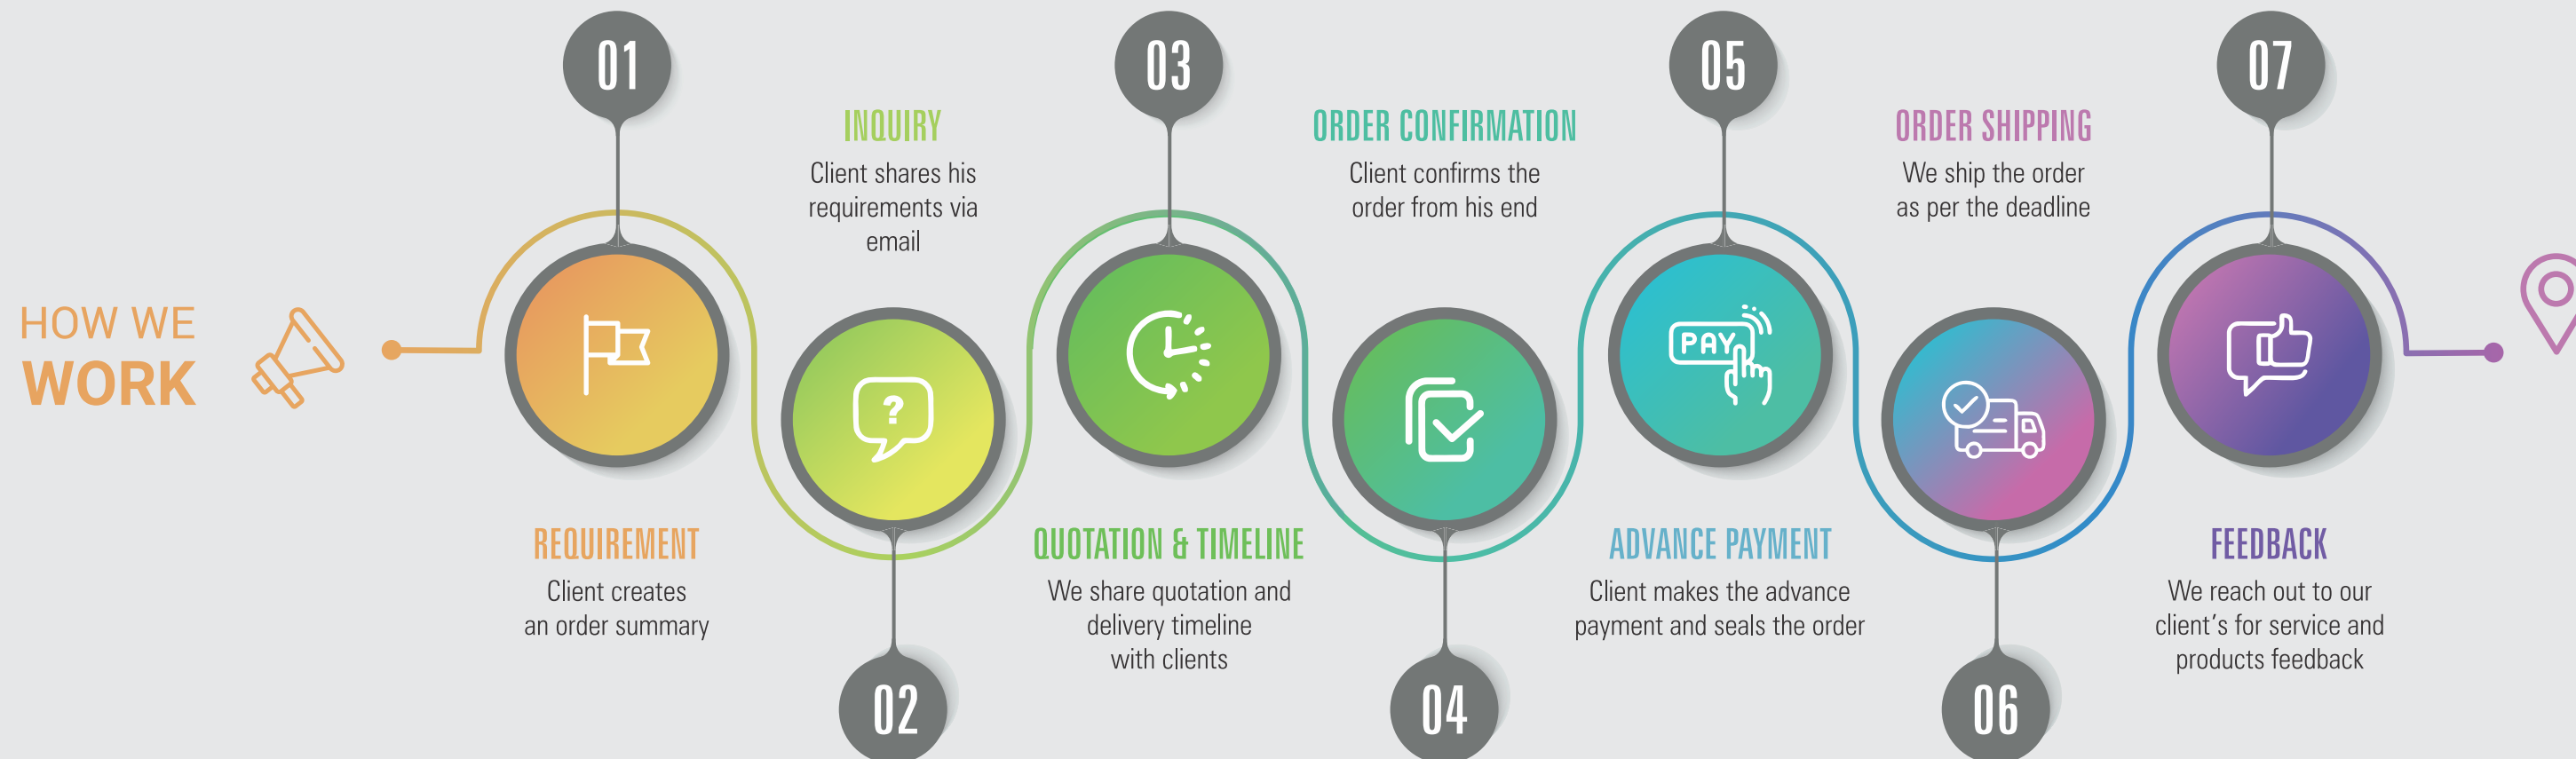

We have over 15+ years of experience in the steel trading business. And with that experience, comes one principle that we will never compromise on: we will always treat our business partners honorably, openly and with the highest degree of respect. And we expect the same of our partners towards us.

WORKING TOGETHER

We strive for perfection in everything we do.

We aim for the:

- **Perfect** business deal, paying a competitive price to our manufacturers and offering a competitive price to our customers
- **Perfect** logistics flow which sees our steel arriving in good condition when the customer expects it
- **Perfect** documentary management, an essential enabler to meet the stringent requirements of suppliers, customers and banks
